PROFESSIONAL SUMMARY

Junior Frontend Developer with hands-on experience building responsive web applications using React.js, JavaScript, HTML5, and CSS3. Strong practical knowledge of React Hooks, React Router, Context API, REST APIs, Axios, Git/GitHub, and Vercel. Built and deployed a complete React e-commerce application with product search, categories, product details, cart, favorites, sharing, loading states, toast notifications, and responsive UI. Also have foundational web security knowledge in XSS, SQL Injection, and IDOR.

TECHNICAL SKILLS

Frontend	React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Design
React & State	React Hooks, React Router, Context API, useState, useEffect, useReducer
API & Data	REST APIs, Axios, DummyJSON
Tools & Deployment	Git, GitHub, npm, Vercel, VS Code, Swiper
Web Security	XSS, SQL Injection, IDOR, Burp Suite, SQLMap, Nmap, Autorize

SELECTED PROJECTS

React E-commerce Web Application

- Built and deployed a responsive e-commerce frontend using React.js and DummyJSON REST API.
- Implemented product browsing, categories, search, product details, cart, favorites, and product sharing.
- Used reusable components and Context API for shared application state, with loading states and toast notifications.
- Added About, Accessories, Blog, and Contact sections and optimized the interface for responsive screens.

Live Demo: <https://react-ecommerce-mohamed.vercel.app>

GitHub: <https://github.com/mohamedelsaid-dev/react-ecommerce>

React CRUD Application

- Built a CRUD application with React.js and Hooks to practice component-based architecture and state management.

JavaScript CRUD Application

- Built a CRUD application with vanilla JavaScript to strengthen DOM manipulation, events, and application logic.

Personal Portfolio Website

- Developed a responsive React.js portfolio website to present skills, projects, and professional information.

EDUCATION

Bachelor's Degree in Computer Science — Cairo University, 2019

COURSES & CERTIFICATIONS

HTML • CSS • JavaScript • React.js & Hooks • SQL • XSS • IDOR • Burp Suite • Nmap • Autorize

ADDITIONAL STRENGTHS

Problem solving • Responsive UI development • Debugging • API integration • Git/GitHub workflow • Security-aware frontend development
